Our "Girl Of The Week" Today

The smiling, bright-eyed damsel on our cover today is no doubt well known to a large number of our readers, especially the younger sort. She is Yvonne Da Silva of Lago Heights. Yvonne, who stands 5 ft. 4 ins. and weighs 118 lbs., was born in British Guiana sixteen years ago, but has spent most of her life in Aruba.

Girl of the Week.

Her father, who works with Lago's Cracking Department, is a long service employee with the Company.

Yvonne has been residing in Lago Heights for 12 years; thus it is not surprising to find her taking a keen interest in games. She likes baseball, softball, basketball and tennis, and was a catcher in the Lago Heights girls softball team "Rockies." On the quieter side she enjoys reading and photography.

Yvonne attended the St. Maria College in Oranjestad until earlier this year. She now studies commercial subjects (Shorthand and Typing) with a private tutor.

She has not done any travelling that she can remember, since she was very small when she came to

Aruba. But she thinks it must be a thrill and pleasure, and is hoping for experience, especially since she has received such glowing reports from her 18 year old brother Romeo who recently left Aruba for Canada. She hopes to get her chance too!

MULTUM IN PARVO THE RETIREMENT PLAN.

Some time I wrote about the Retirement Plan and the need for liberalizing it. My article pointed out in detail the very small assistance the present Plan provides and suggested a means of supplementing the retirement income. However, indications are that my suggestions although well received by the employee group has made little or no impression on the people who can do something about it — the management group.

I know that in the good old days it took considerable time to convince management of facts concerning certain dire needs of their "locally-hired" employees; but in this enlightened age where at least it is permissible to say "a man's a man" regardless of race, color or creed, I thought that perhaps management would take a sympathetic view and act accordingly in a matter which obviously needs correcting.

her 24, 1952, at around 9.40 o'clock Robert Koko, instrumentman, stood in deep concentration over an instrument he was repairing in Lago's Nº 3 Laboratory. Behind him stood an innocent-looking propane bomb; nearby where other laboratory employees. Koko was rudely awakened by a loud explosion (the bomb had blown up); within seconds afterwards his whole back was on fire; this spread rapidly although he threw himself to the ground in attempt to put the vicious flames out. Joseph Joubert who was close enough suffered frightful burns of the face and arms; also badly burned was Juan S. Maduro. Several other employees suffered minor burns.

Up to press time Lago's Medical department were working desperately on Koko and Joubert who are in a critical condition. However, indication are that they will survive.

MOONLIGHT CHARITY TRIP.

Next Saturday, October 4, a charity automobile trip will be organized in Aruba. The total receipts from this trip will go towards the "Wilhelmina" Cancer Fund. As is known, all the money raised by this body is used exclusively in Aruba.

The trip is being sponsored by Kuster's Trading Company in cooperation with the firm of Spritzer & Fuhrmann, The Royal Nether-

lands Tourists Association (ANWB), the Royal Netherlands Automobile Club (KNAC) and the local police.

The start takes place at Dakota on Saturday night at 8 p.m. Destination is hotel Scala where the presentation of prizes will take place, followed by dancing.

Control posts will be occupied by the "Mariniers", thanks to the kind cooperation of Captain Dourlein.

As is customary the trip will be made on accurate timing, checked by Omega time pieces from the firm of Spritzer & Fuhrmann.

The entry price per automobile is five guilders (fls. 5.00) and participants must appear in sport wear. Many valuable and attractive prizes are available; Spritzer & Fuhrmann donated an Omega cup, while the ANWB challenge cup, now in possession of Messrs. Collard and Te Winkel, will also be at stake.

At each control post, participants will receive a pleasant surprise from the various cooperating firms.

After printing the above, word was received that Mrs. Kwartzspruyt, wife of the Lt. Governor of Aruba, and President of the Wilhelmina Fund, will personally start the first car.

Participation cards and complete, detailed information on rules and regulations may be had at Kuster's Trading Company, Oranjestad, and Spritzer & Fuhrmann, San Nicolas. Entries are accepted effective today, Saturday Sept. 27.

Unnecessary to say that THE LOCAL urges its readers to join the fun in large numbers, thereby supporting a very worthy cause.

SCARCITY OF FRESH VEGETABLES.

It is now becoming so painfully apparent even to the transient visitors how little of the Netherland part of this Island is under cultivation. To people who have visited other islands of the West Indies, this seems to be a pitiful waste — a potential source of wealth lying idle and arid. Most of our provisions come to town from the French part of our Island, much of it from the very fertile valley of Columbier. The few farmers who do send a quantity of produce to Philipsbury, seem to have a special order for this supply, seeing that is sold only

to a few people, with the result that the majority fail to obtain fresh food daily. The selling of the latter from small boats from Nevis, etc. alleviates this ill to a certain extent but these boats are in the harbour only occasionally, while the cry 'we can't get fresh food to buy' is heard almost daily.

One wonders if there is nothing the Agricultural Department can do about this. Can't its members be induced to endeavour to yield more produce from their land, and to get others to join the Association and form a solid body with a common endeavour, namely to produce more and better products from their land? Our Agriculturist could act as Instructor and describe to this group all the latest scientific methods of modern agriculture. It is a conceited and silly idea that because one has had over twenty years experience in farming it makes him an expert in agricultural science as the latter is known today. He must understand that more and more is being learned every day, and be willing to use the discoveries of science to aid nature in producing. St. Maarten must either produce more by cultivating its land, by the adoption of scientific of crop and cattle raising or suffer for its laxity.

HOLY CROSS ANGLICAN
CHURCH TONIGHT.**

As announced last week, the Social Committee of the Holy Cross

Anglican Church has scheduled another Social Evening at the Parish Hall. As usual, the affair will begin at 8.00 p.m. and continue till midnight. Although the music is of the "canned" variety, rumor states it will be "warm" enough to satisfy the most exacting lovers of the 'Latino' jingles. Beer and soft drinks will be on sale. So, there you have it — a chance for a relaxing and enjoyable evening of good fun and "getting-together". See you tonight at 8 p.m.

8 BALL GAMES.

Last Sunday a large crowd witnessed the fourth series of 8 ball games between the Commandeursb. Club and Rocket Billiard Club at the C. B. C. at Savaneta.

Twice the Rocket came out as the victorious team while on the other two occasions the games ended in draws.

Last Sunday's scores were as follows:

<i>Rocket</i>		<i>Commandeursb</i>	
L. Pourier	2	S. v.d. Linde	1
E. Reeberg	1	S. de Kort	2
A. Boezem	2	A. de Cuba	0
J. Martilia	1	C. v.d. Linde	2
J. Lisire	2	F. Rafini	1
V. Marten	2	G. Giel	0
H. Rasmijn	2	N. Noguera	0
A. Lacle	1	N. de Cuba	2
G. Anthony	1	F. Lampe	2
R. Lande	2	L. Winterdaal	1

After the games a party was thrown by Com. with the winners, Rocket, as guests.

Speakers on this occasion were Messrs. C. Ellis, S. H. Muller, V. Richardson, S. v.d. Linde, S. de Kort, V. Marten and W. Millerson.

Mr. Ellis and Mr. Muller were both pleased with the teams and their cooperation, sportsmanship and conduct. They are willing to cooperate with any other team who is willing to join these games so that in the near future Aruba can also compete on foreign soil in this line of sport.

While drinks were served Martilia was requested to sing a couple of songs. Among the many songs he sang, "Grenada" was the real thriller.

Mr. S. v.d. Linde in a smooth way sang also a number "Amor y Olvide."

Mr. N. de Cuba gave some humorous jokes.

The party lasted many hours and every one left pleased.

CRICKET

1952 CRICKET COMPETITION ENDS WITH INTERESTING MATCH.

*Barbados 1952 Cricket Champions,
St. Vincent Runners-up &
B-Division Champions*

Sunday last the Lago Sport Park was well attended by cricket fans to witness the presentation match between St. Vincent combined and Barbados.

St. Vincent batted first and scored 190, Williams contributing a brilliant 35 before he was caught by Alkins off Linto's bowling, Hodge 16, John 18 out to a brilliant catch by Shockness and Matthews 19 not out.

Bowling for Barbados, Alkins took 1 for 25, Ifill 2 for 13, Linton 4 for 27 and Martindale 3 for 23.

Barbados in turn replied with 228 of which Bryan top scored with 86 and Straughn followed with a brilliant 50, both caught by John off Pemberton's bowling. Reid was out lbw. on the first delivery.

Other valuable scores were Alkins 28, Shockness 20, Green 16 and Chase 9.

Julian Pemberton, St. Vincent's slow right arm bowler took 8 wickets for 72 runs in 9.3 overs and re-ivdual Achievements:

ceived a great ovation on his return to the pavilion.

Batting for Barbados, Straughn and Bryan took the score from 63 for 2 to 180 for 3, displaying most beautiful strokes around the wicket until Pemberton was brought on.

On competition of the game, Capt. W. Thomas Asst. Marine Manager was introduced to the audience and spoke on behalf of Lago's management. Following many short addresses, the Challenge Cup and Shield were received by Captain George Sealey of the Barbados team, and a gold cup as the winning's team's prize together with medals. Matthew John received the runners-up trophy for St. Vincent.

The following prizes were distributed:

BOXING

MARCIANO NEW HEAVYWEIGHT CHAMP.

An estimated 50,000 fans saw Rocky Marciano, 184, knock Jersey Joe Walcott, 196, into submission in 40 seconds of the 13th round at Philadelphia last Tuesday night to win the heavyweight boxing championship of the world.

The victory was not an easy one for the hard hitting but inexperienced Marciano. Although he was favored to win from "Ancient man" Walcott of whom a scribe recently said that he was 38 on his last birthday and will be 44 on his next, the kayo came rather unexpectedly.

The fight had been fairly even up to the 10th., with both gladiators letting the claret freely and Walcott taking the honors of being the first clouter to knock Marciano off his feet in the latter's entire career. This happened in the first round when Rocky took a count of 3.

In the 11th., probably Walcott's best, he belted the amateurish looking Marciano at will and the Kock had to hold on for dear life. In the following round it was again all Walcott, with only occasional flurries by Rocky in which he missed more than he landed.

When Jersey Joe came out for the 13th, and with victory smiling at him, he looked quite calm and confident. He opened the attack

with his left when, from Rocky's big right hand caught him napping. The old man went down for the full count and the new world champ was Rocky Marciano.

BASEBALL

RED SOX DEFEATED M & C CARDINALS 14 — 5 IN OPENING GAME.

Saturday afternoon, Red Sox took a 14 — 5 victory from M & C Cardinals in the opening of the B-Class 1952 Baseball Competition at the Lago Sport Park.

Red Sox scored three in the second, two in the third, fourth and fifth and five in the sixth and used two pitchers, Lefty Lejuez and Roe Brown in the later part of the game.

Lefty kept a good control during his innings, but soon became tired.

M & C saved the shut out in the fifth when Richardson made a tripple and scored when the catcher

tried to trap a runner going to second. This deficit was further decreased in the sixth by three runs when Richardson and Cornet scored hits, and in the ninth, Illidge "Tonio" got a ride, and scored on Thompson's double over short.

For Red Sox, Mezas and Kock batted 2 for 5 while for the Cardinals, Illidge got 2 for 4, Richardson and Cornet 2 for 5 each.

JUNIOR BASEBALL.

For the first time in the History of the Lago Sport Park has there ever been a Junior Baseball Competition and here is the Local congratulating the Committee on his excellent gesture. These games have stirred considerable interest among the children as well as the grown-ups.

Friday afternoon last week, Young Pirates whipped Los Indios 7 — 3 in the opening of the series. Willem Spanner took the first win while Ivan Nedd was tagged with the loss.

Young Pirates only collected 2 hits, but the Indios scored 3. Bobby batt'd 2 for 2 to annex the batting average.

BABY RUTH JRS. BOW TO INDIANS JRS. 7 — 6.

Monday afternoon this week, a larger crowd was present to witness the homsters, Baby Ruth Juniors battle against the Indians Juniors from Oranjestad.

Baby Ruth scored a single in the first, second and third, while the Indians only singled in the first. In the fourth Baby Ruth doubled and the Indians replied with a single.

With the score 5 — 2 in the fourth the Indians took courage and drove in 5 runs, forcing the Babes Jr. to change their pitcher and five runs scored. In closing the fifth, Baby Ruth could only score a single before the third out.

F. Young was the winning pitcher, while Simmons was charged with the loss.

For Indians, Ponson batted 2 for 3 of their total 3 hits, while for Baby Ruth Heyliger knocked 2 for 3 of their 4 hits.

GREAT BRITAIN.

This week about fifty economic and trade experts from the nine British Commonwealth countries met in London to discuss ways and means to make the sterling area solvent and independent of foreign aid.

This meeting will prepare plans and make recommendations which will be examined and decided upon by the Commonwealth Prime Ministers under the chairmanship of Mr. Churchill at the economic conference in November.

The group will make a study of the economic structure of the various units with a view to integration of policies so that maximum results can be achieved.

Some of the policies followed by

Great Britain since the war have done little to help either Britain or the Commonwealth.

The two important objectives of the meeting will be to find measures to halt the drain on dollars from the sterling area and to adopt a course which will make the sterling area hold its own and be free of having to recourse to foreign aid. Particular stress is likely to be placed on removals of high tariffs, quotas and other restrictions, and the simplification of currency matters.

LONDON

The British Minister of State for Foreign Affairs, Mr. Selwyn Lloyd, while addressing a Parliamentary Conference on world government attended by over one hundred delegates from twentyfive countries, charged that the United Nations is

becoming a "sort of propaganda platform."

In his address, he declared, "One Thing that distressed me very much about the last meetings I attended was the way in which the United Nations is tending to become a sort of propaganda platform from which to make bitter attacks upon other nations.

I am afraid that the tendency is growing rather than diminishing. One can see many countries at the present time beginning almost to warm up in anticipation of attacks which they propose to make against other countries during the coming Assembly.

Mr. Lloyd will attend the General Assembly of the United Nations, which opens on October 14, 1952.

SOUTH AFRICA.

Mr. L. C. Gay, a member of the United Party, the opposition, was threatened with death this week by a telephone caller.

Mr. Gay in reporting the incident said, "When I answered the telephone, a man's voice said 'I cannot tell you my name but I am the man who murdered Kelly Patterson. Unless you immediately resign from the United Party, I shall deal with you in the same manner.'"

Investigations reveal that a Mr. Kelly Patterson of the Capetown suburb of Newlands has been reported missing on a climbing holiday. Earlier this year, he was awarded damages of \$ 600.00 against the Minister of Justice, Charles Swart. He was injured in a police baton charge in Capetown.

HONG KONG.

This week, it was announced by British Royal Navy officials that the 1,791 freighter, Inchislay, was seized by a Chinese Nationalist Gunboat, on September 18, 1952, and its cargo of 42 tons of flour seized. The freighter was enroute

to the communist port of Wenchow.

Earlier in the month, on September, 8, the freighter Admiral Hardy, was reported to be seized by Nationalist forces and her cargo confiscated.

EGYPT.

Premier General Naguib issued a proclamation ordering trial by military tribunals for crimes and offences against the government land reforms which aim at breaking up large estates.

First to be tried by tribunals are Adly Lamlum a young landlord of Maghagha. Upper Egypt and 8 of his Bedouin tribesmen. On September 12, 1952. Lamlum led an armed gang of about 30 on an attack against the police station at Maghagha, wounding one police officer, a constable and a woman.

The military prosecutor demanded the death penalty for Lamlum, describing him as a typical example of the oppressive feudal regime.

General Naguib advised the powerful Wafd Party that they were objections to the politician Mustafa Nahas remaining as head of that party. Nahas is a very powerful figure in the Wafd party and a delegation sought an interview with the General to discuss the matter. It is felt that the party might be broken up.

YUGOSLAVIA.

After spending a week-end of rest at a villa in Dubrovnik, on Yugoslavia's Dalmatian coast, Mr. Eden flew to Bled, for a new round of talks with Marshall Tito on world affairs and the necessity of Britain and Yugoslavia remaining friendly.

No details of the talks were published, but it is believed that one of the principal subjects was the future of Trieste, strategic Adriatic seaport, Mr. Eden's visit to Yugoslavia has been hailed by the press, public and members of the Politburo warmly.

Glimpses from the New World

DEMAND FOR NYLON STOCKINGS.

New York (Vaz Dias) During the first half of 1952 Switzerland continued to be the largest foreign customer for U.S. made nylon stockings. It bought almost half a million dozen of them. Holland with more than a quarter million dozen, nosed out Germany which heretofore had held second place. Canada's current abundance of Ameri-

can dollars was reflected in the fact that it bought four times as many U.S. stockings as before.

SPEED AND COMFORT.

New York (Vaz Dias) World travel by air is being made more comfortable every day, not only during but also in-between flights. Pan American World Airways has just begun using the newest Super-6 Douglas Clippers on its international routes, thereby "clipping" 5½ hours from its 6½ day round-the-world-schedules. At the same time, the airline, through its subsidiary International Hotels Corporation, is engaged in an ambitious world-wide hotel accommodations projects involving at least 14 hotels in all corners of the globe. The new 358-room Hotel Victoria Plaza in Montevideo will open its doors on December 1, and other PAA hotels in La-

tin-America will begin operations before long, in Sao Paulo, Caracas, Bogota and Maracaibo. Management contracts have been signed with local hotels in Bangkok and Tokio while plans are afoot for hotels in Saudi Arabia, Beirut, Berlin, London, Rome and several other cities.

CAT IN THE BAG BARGAIN?

New York (Vaz Dias) An unusual situation has resulted from the sale by the U.S. Government of the business of E. Leitz Inc. of this city. The American Leitz Co. which acted as the distributor of cameras and optical instruments manufactured by the German Leitz Company was seized during the war by the government as enemy property and recently sold for \$ 787,000 to Dunhill International, Inc., the well-known tobacco and pipe-making concern. In an apparent refusal to recognize the sale by the U.S. Government, the Ger-

TOUGH FIBER.

Niagara Falls (Vaz Dias) An exceptionally effective heat-resisting fiber which may eventually replace asbestos and will be invaluable for insulating exhaust systems of the newest model jet planes, has been developed by the Carborundum Company. The feather-weight material which is trade-marked "Fiber-fax" consist of aluminium oxide and silicon carbon and can withstand temperatures up to 2300 degrees Fahrenheit. The fiber is so thin that 25 strands bound together are not thicker than a human hair.

STANDARD OIL OF CALIFOR- NIA REPLIES TO CHARGES.

San Francisco (Vaz Dias) The Stan-
dard Oil Company of California
which is one of the seven major
American and foreign oil compa-
nies accused by the U.S. govern-
ment of participating in an inter-
national cartel arrangement, has
denied the charges in a letter to its
stockholders. It points out that
it was the pioneer in the explora-
tion for oil on Bahrein Island and
in Esaudi Arabia which are now of
world economic importance and
have developed into a real post-war
Point Four program conducted by
private enterprise and without cost
to the United States. The company
maintains that its operations abroad
have been entirely legal and of in-
valuable benefit to the United Sta-
tes and that any charge of specific
violations of the U.S. anti-trust laws

will be proven baseless in fact. The
statement contends that no matter
how successfully the charges are
disproved, they will cast their sha-
dow over all American business op-
erations abroad for some time to
come and have caused damage to
the American international presti-
ge which will be difficult to repair.

CHEMICAL PRODUCTS FROM TOBACCO WASTE.

Poona (Vaz Dias) Experiments on tobacco waste at the National Chemical Laboratory of India, Poona,

have yielded valuable results and it has been found that nicotine sulphate, nicotine acid and vitamin B could be extracted from tobacco waste. Attempts are now being made to convert this tobacco waste into valuable chemical products useful in the manufacture of insecticides, varnish industry and the like.

"SUPER-HEAT" ELECTRIC RESISTANCE MATERIAL.

Stockholm (Vaz Diaz) After several years of intensive research a new "super-heat" type of electric resistance material for use in air has

been developed by a Swedish firm. Withstanding temperatures of no less than 1600°C to 1700°C (about 3000°F) the alloy is expected to become of more or less revolutionary importance in the design of high-temperature furnaces.

The new material, which will be put on the market towards the end of the year, is a power-metallurgical product built up on the basis of molybdenum. In developing the product, the manufacturers have had in mind in the first place its utilization for dental furnaces, laboratory equipment and for firing ceramic products. It is expected, however, that the alloy will be suitable for other purposes as well.

Malcolm was convicted on a fraud charge earlier this year and is now serving a one-year term at Richmond Farm prison.

Because his seat was not deemed vacated Government continues payment his \$ 4,250 annual salary.

Public opinion is that Government should find a way of vacating his seat and ordering a by-election in his constituency, even if it is necessary to amend the constitution to achieve this.

TRINIDAD STUDENTS TO 'PLAY MASK' AT UCWI.

Trinidad students want to give the University College a taste of carnival next year, and appeal to new students and those on vacation at home to bring over carnival costumes and, if possible, pans.

The University already had a sample of the steelband this year when some Trinidad scouts took time off from the Caribbean Jamboree to visit the institution. The Jamaicans then had their first "jump-up" and wanted more.

POLICE SEIZE SHIPMENT OF DANGEROUS TOY GUNS.

The Police have deprived local "cowboys" their arms in the interest of public safety.

They seized five cases of explosive corks and toy pistols of German manufacture which were landed at the Port-of-Spain Wharves a few days ago. The pistols are called A-guns (atomguns) by some boys. A big improvement on the "pan and carbide" improvisation used by children at Christmas, the explosive sound, result from the cork and pistol combination, can be heard a quarter mile away. It was des-

EX-AIRPLANE FACTORY MAKES MOTOR RIKSJA'S.

The former Messerschmidt airplane factory at Bad Homburg has designed and built a motor riksja which offers seating accommodation to two passengers and a driver. The passengers sit next to each other facing the front of the open top three-wheeled vehicle. The driver occupies the rear end seat. The riksja, constructed of lightweight material, is moved by a 150 cc, 6.5 H.P., two-stroke engine with 4 gears. The small vehicle has an average speed of 55 kilometers an hour. The motor riksjas will be exported mainly to Asia and Africa. They will also be used in German swimming resorts as an addition to the taxi service.

MISS ELSA GOVEIA AWARDED PH. D. DEGREE.

Miss Elsa Goveia has been awarded the degree of Doctor of Philosophy (History) by the University of London on her thesis dealing with the history of the Leeward Islands during the years 1780—1800. Dr. Goveia, who is Assistant Lecturer in History at the University College of the West Indies, paid a 10-day visit to British Guiana a few weeks ago and conducted a series of lectures in history under the joint auspices of the Extra-Mural Department and the Government Training College for Teachers Ex-Students Association.

The Ph. D. award crowns a brilliant scholastic career in which Dr. Goveia gained the Guiana Scholarship in 1943, entered London University 1945, was awarded the Polard prize in 1947 at the University for the best work in the sources of English History for that year, and in 1948 gained the Bachelor of Arts degree with first class honours.

LUCIE'S BIRTHDAY PARTY.

Last Sunday a lovely surprise party was kept by Lucie Romney of

Bernhardstraat exactly the way her Clubmembers and friends had figured.

Around 8 the house was packed especially with charming young ladies who had outnumbered the boys.

During the party a cake lighted with 19 candles was brought forward and blown out by Lucie while wishes were made.

Mr. L. John was asked to stick the cake while close to him was Miss V. Thompson who at the same

time received a piece of cake and a nice present.

While all these was going on Mr. K. Edwards with his sweet voice sang "My Foolish Heart".

A fine selection of records and a well assorted bar and kitchen kept the party going till well after midnight.

Lucie can look back on a successful birthday party.

BIRTHDAY GREETINGS.

Congratulation to Mr. Ch. Ragnath, well-known jeweler of San Nicolas, who celebrated a birthday anniversary last Monday, September 22nd., also to his son, Reyno whose birthday was September 24th.

BIRTHDAY

Miss Geraldine Reynolds of San Nicolas observed another milestone on Sunday 21st Sept., when she celebrated her birthday in the form of a wonderful party at her home with some selected friends.

The party lasted well after midnight.

ROBIN ROBERTS OF THE PHILLIES BOOKED HIS 27TH. WIN.

Robin Roberts is the first pitcher of the National League since 1939 to win 27 games during the season.

He won his 27th. game recently when he pitched his team to a 9--7 victory over the Brooklyn champs.

* * *

Walcott early announcement that he will retire was reversed by him, saying: "I'll make a try to regain my lost title".

* * *

Jack Salomons, Britain's promoter said he will try to get Marciano to fight British heavyweight title holder, Johnny Williams.

He also said that it is hard to arrange such a title fight in Britain, since Britain cannot offer a purse to compare with the U.S.A.

* * *

The Brooklyn Dodgers won their

first National League pennant since 1949.

They are waiting for the American pennant winner to start off the World Series.

* * *

Marciano is the first white boxer since 1937 to hold the heavyweight title.

* * *

In the American League the World Champ the N. Y. Yankees are 2½ game in front of the hard fighting Indians.

The Yanks have to play 3 more games and the Indians 2.

The chances are poor for the Indians.

* * *

Joe Black the negro pitcher with 15 victories and 15 games saved was the most important contribution for the Dodgers pennant win.

He might be the starting pitcher for the Dodgers in the World series.

A few days later a tall, red-haired
Irishman arrives at Cadiz. His
name is O'Kelly, a boatswain by
profession. The police checks his
papers and finds them in order.
O'Kelly wants to muster on the
"Carl Vinnen"; he knows those
sailors thoroughly as he has been

sailing on them over twenty years.
Larry is glad to find such an able
boatswain and hires him at once.
When A'Kelly leaves the office, he
grins inwardly. "That silly Larry!"
For of course "Kelly is nobody else
but captain Rob. Major Ross and
inspector Rogers have seen to it that

the prospective boatswain of the
"Carl Vinnen" is well disguised.
Three days later, when the crew for
the "Carl Vinnen" is complete, the
ship leaves harbour, escorted by the
"Astra". If Harries and Larry
knew that again there was a spy on
board!
